

Stucloper White-Aluminum Protection Board Manual & Safety Warning

Product Description

- **Product Name:** Stucloper White-Aluminum Protection Board
 - **Article numbers:** 11001, 11018, 11051
 - **Weight:** 270 GSM
 - **Type:** Protection Board, coated on both sides
 - **Suitable for:** Hard and smooth floors such as laminate, PVC, tiles, and plastic floors
 - **Features:** Liquid-tight, reusable, easy to remove
-

Key Features

1. **Liquid-tight:** Protects floors from moisture, dirt and paint.
 2. **Versatile:** Suitable for various applications during construction, renovation and painting work.
 3. **Reusable:** Clean, roll up and reuse Stucloper White-Aluminum for your next project.
 4. **Easy removal:** Leaves no adhesive residue, keeping the floor clean.
-

Manual

Preparation

1. **Clean the surface:** Make sure the floor is dry, dust-free and clean to ensure optimal adhesion of the Protection Board.
2. **Switching off underfloor heating:** Make sure that the underfloor heating is completely switched off before applying the Protection Board.

Installation

1. **Roll out:** Start on one side of the room and roll out the Protection Board.
2. **Overlap:** Allow the strips to overlap by at least 5 cm for full coverage.
3. **Masking off:** Tape the cardboard tightly with stucloper tape.
4. **Check:** Check that the cardboard is securely fastened and does not move during use.

Removal

1. **After use:** Carefully lift the Protection Board, starting at an edge, and slowly peel it off.
2. **Residue-free removal:** Check the floor for any remaining residue and remove it with a soft cloth if necessary.
3. **Store for reuse:** Clean the cardboard if necessary, fold it up, and store it in a dry place for future use.
4. **Waste:** After the last use, the cardboard must be disposed of with the residual waste.

Safety Warnings

1. **Not suitable for all surfaces:** Do not use the Protection Board on freshly laid floors, porous stones, natural stone floors, clay tiles or recently poured concrete. Always test on a small, inconspicuous area of the floor first.
2. **Limit the duration of use:** Use the Protection Board for a maximum of 3 months to prevent damage to the floor.
3. **Do not use with underfloor heating:** Make sure the underfloor heating is turned off to avoid the risk of damage to the cardboard.
4. **Caution with sharp objects:** Avoid using sharp tools or heavy equipment on the cardboard to avoid tearing or damage.
5. **Children and pets:** Keep the roll out of reach of children and pets to avoid the risk of choking.

Maintenance and Storage

- **Cleaning:** Remove dust, dirt, or spills from the cardboard with a soft cloth after use.
- **Storage:** Store unused rolls in a cool, dry place away from direct sunlight and extreme temperatures.
- **Reuse:** Check the cardboard for tears or wear and tear before using it again.

Important Notes

- Always test the Protection Board on a small surface before applying it completely.
- Replace damaged cardboard immediately to ensure floor protection.

Stucloper White-Aluminum Protection Board offers a high-quality solution for floor protection during construction and renovation work. Follow this guide for safe and effective use. Contact the vendor for questions or support.
