

# Combi Cover

Combi Cover is a combination of laminated kraft paper and an impact-resistant foam film layer. The top of the Combi Cover is PE laminated, making it 100% dust- and waterproof. The underside consists of a foam film, making it impact-resistant and non-slip.

## Technical data

Liquid proof

Shock-resistant

Self-adhesive

Non-slip

Tear resistant

### Composition

Raw Material      Cardboard PE-coated  
Polyethylene foam

### Dimensions

Rolls      +/- 1.20 m x 25m

### Technical data

Colour      White or brown/white  
Fleece thickness      0.8 mm - 10 mm

### Features

Impact-resistant  
Strong non-slip effect  
100% waterproof  
Strong noise reduction

### Application

Suitable for expensive and exclusive floors that need extra protection  
Lay down with an overlap of approximately 10 cm, press down securely

### Remarks

Only apply on dried surfaces  
Test the suitability of the product before use  
Turn off floor heating before use
