

## Glass cover Manual & Safety Warning

---

### Product Description

- **Product Name:** Glass cover
  - **Article numbers:** 21400
  - **Thickness:** 40 µm
  - **Type:** Glass protector and cover fleece
  - **Suitable for:** Interior and exterior windows and glass
  - **Features:** Moisture-resistant, UV-resistant up to 30 days, flexible and self-adhesive
- 

### Key Features

1. **Liquid-tight:** Protects glass from moisture, dirt and paint.
  2. **Versatile:** Suitable for various applications during construction, renovation and painting work.
  3. **Easy removal:** Leaves no adhesive residue, keeping the glass clean.
- 

### Manual

#### Preparation

1. **Surface cleaning:** Ensure that the glass is dry, dust-free and clean to ensure optimal adhesion of the cover fleece.

## Installation

1. **Application:** Start on one side of the lens and roll out the cover fleece with the adhesive side facing down.
2. **Overlap:** Let the strips overlap by at least 10 cm for full coverage.
3. **Check:** Check that the fleece is securely attached and does not move during use.

## Removal

1. **After use:** Gently lift the cover fleece, starting at an edge, and fold it carefully.
2. **Residue-free removal:** Check the glass for any remaining residue and remove it with a soft cloth if necessary.
3. **Waste:** After last use, the fleece must be disposed of with the residual waste.

---

## Safety Warnings

1. **Not suitable for all surfaces:** The use is recommended for glass only.
2. **Limit the duration of use:** Use the cover fleece for a maximum of 30 days to guarantee UV protection.
3. **Temperature limitations:** Make sure the processing temperature is between 10°C and 25°C. Use outside of these limits may affect performance.
4. **Caution with sharp objects:** Avoid using sharp tools or heavy equipment on the fleece to avoid tearing or damage.
5. **Children and pets:** Keep the roll and packaging out of reach of children and pets to avoid the risk of choking.

---

## Maintenance and Storage

- **Cleaning:** Remove dust, dirt, or spills from the fleece after use with a soft cloth.
- **Storage:** Store unused rolls in a cool, dry place away from direct sunlight and extreme temperatures.
- **Reuse:** Check the fleece for tears or wear before using it again.

---

## Important Notes

- Always test the cover fleece on a small surface before applying it completely.
- Replace damaged fleece immediately to ensure glass protection.

---

**Cover fleece** offers a high-quality solution for glass protection during construction and renovation work. Follow this guide for safe and effective use. Contact the vendor for questions or support.
